

Expatriation Policy for Foreign Professionals in The Netherlands

Application

Information for the expat

Who we are...

Geert Bouwmeester was only 22 years old when in 1924 he started his own company. A small space was converted into an office. The first policies were distributed by bike, a traditional Dutch mode of transport. Since then our company has gone through exponential growth and therefore a lot has changed. Despite our present size we are still an independent family business that has kept its entrepreneurial spirit.

Insurances for entrepreneurs

Our focus is on supplying insurance solutions for entrepreneurs. Men and women who work hard at achieving success for their companies, who seek security and convenience. And who are looking for good and practical insurance solutions for each phase of their entrepreneurship.

Independent advisors

Our society is becoming more and more complex. Both individuals and entrepreneurs have the need for advice given by third parties who know their specific requirements and can advise them accordingly. Therefore, we work closely with independent brokers, who like no other are capable of providing the right customized solution.

Important!

As an applicant/prospective policy holder you shall oblige to answer the questions on this application form to the best of your knowledge, that you have taken note of the information and that you would like to obtain the insurance in accordance with this. The duty to supply information comprises everything that may be relevant for the assessment of the risk and person(s) applying.

Questions to which you think De Goudse may already know the answer should also be fully answered. Facts and circumstances relevant to questions posed which arise after completion of this form but before De Goudse has made a final assessment regarding your application should also be disclosed. If there are other applicants apart from yourself that have reached the minimum age of 16 at the time of application then you should also disclose the same information as well as for yourself.

If after the inception of the policy it later comes to light that one or more of the questions has not been truthfully or correctly answered, then this may lead to an adjusted or no compensation. If your intention was to deliberately mislead us in order to gain insurance coverage and our decision would have been not to insure you based on those actual facts then we reserve the right to terminate the insurance with immediate effect. By making this application you agree to the contents and administering of the policy conditions. These are available for perusal at our office and can be requested prior to applying for insurance coverage. They will in all cases be sent after acceptance together with the policy schedule.

You agree to accept the insurance and pay the premium, assurance tax and costs.

The contracts term for this insurance is 1 year. The insurance may be cancelled at the end of this period having given 2 months prior written notice. After this period the insurance can be cancelled on a daily basis, having given one month's prior written notice. The maximum period of insurance is 5 years.

Where so required, based on the nature of the risk, De Goudse will be entitled, prior to acceptance of the application, to determine a deviating premium and/or to include other conditions or special provisions.
